Location: Hyderabad   Phone: 9392858341

OBJECTIVE

An aspiring software developer with interest in problem-solving, web development, and AI/ML-driven solutions. Passionate about Python programming, competitive coding, and continuously learning to build scalable applications on modern cloud platforms.

EDUCATION

VNR Vignana Jyothi Institute of Engineering and Technology, Hyderabad   Aug 2024 – 2027
Bachelor of Technology in Computer Science and Engineering

Government Polytechnic, Nalgonda   2021 – 2024
Diploma in Computer Science and Engineering
Percentage: 91.0%

TECHNICAL SKILLS

Languages	C, C++, Java (fundamentals), Python (fundamentals)
Web Technologies	HTML, CSS, JavaScript
Frameworks	Bootstrap, React (basics)
Database	MySQL (fundamentals)

PROJECTS

EcoRecycle Solutions – Web platform connecting users with certified e-waste recycling centers. Implemented scheduled drop-off slots for efficient and eco-friendly disposal.

Internship Platform – Developed a responsive React-based web app for managing internship offers and applications, including coding platforms and books.

Portfolio Website – Built a responsive personal portfolio using React, AOS, and modern CSS, showcasing projects, skills, and achievements with smooth animations and interactive design.

Weather Forecast – A real-time weather forecasting web app that provides current weather details and forecasts based on user-input city or state.

STRENGTHS

Quick to grasp new concepts and apply them in practical scenarios.
Adaptable to new technologies and environments
Efficient in time management
